SIGNATURE EVENTS

APEX AWARDS
Date & Location TBA
Member Ticket Discount

The annual APEX Awards brings the Colorado technology community together to recognize Colorado's technology excellence, highlighting remarkable leaders and innovators and offers an evening of networking and celebration. Since 2001, CTA has hosted this prestigious event bringing together the community and celebrating the exceptional companies, leaders and accomplishments of the year.

C-LEVEL @ A MILE HIGH
March 26 | Empower Field at Mile High
Complimentary Member Tickets (Company Team & Premier Corporate)

C-Level @ A Mile High is where strong relationships begin, and tech business gets done. C-Level is CTA's largest fundraiser helping us to carry out our mission of fueling Colorado's economy through technology. An evening packed with the whose who of tech and a C-level celebrity auction, it's the perfect opportunity to build relationships with peers, win business and be introduced to tech companies and influential IT leaders.

WOMEN IN TECHNOLOGY CONFERENCE
June 5 | Spruce Mountain Ranch
Member Ticket Discount

The Women in Technology Conference is a full-day retreat celebrating women across Colorado's growing tech community. Participants hear from a variety of dynamic speakers and engage in meaningful discourse on opportunities and challenges surrounding women in today's tech workforce. Enjoy a jam-packed day of direct access to tech and community leaders from all corners of Colorado.

COLORADO TECHNOLOGY ASSOCIATION

PROGRAMS

CTA 101
Quarterly | The Commons on Champa
Free for Members

Whether you are a long-time member or thinking about joining, these informal gatherings are your ticket to meeting our network and receiving information on CTA and all the ways you can get involved in our community.

DAY AT THE CAPITOL
TBA | Colorado State Capitol
Free for Members

Tech Day at the Capitol is an afternoon-long event for tech companies in Colorado to represent the state's tech industry and connect with policy makers to educate and inform them on your company or organization and the role you play in the overall Colorado tech ecosystem. Receive the latest updates and showcase your company and technology to our state leaders.

DC FLY-IN
February 11-12| Washington, D.C.

The DC Fly-In provides an opportunity for CTA members to learn the latest on tech policy issues from experts and decision makers at CompTIA's tech policy conference and offers communication with Colorado's Congressional Delegation.

INSIGHTS SERIES
April, June, September, November | Various Locations
Free for Members

The Insights Series explores the latest emerging technologies and features a deep dive into tech topics. Each breakfast event features an expert analyst, diverse panel and hands-on experiences. 2019 topics included "Top Emerging Technologies to Watch", "Business Intelligence and Analytics in this Era of AI", "Future of Work: Preparing for the New Normal", "Next Generation Customer Experience: Using Data Analytics and AI to Drive Differentiation".

PROGRAMS

PROFESSIONAL DEVELOPMENT: LEVEL UP: COMMUNICATION SKILLS FOR TECH PROFESSIONALS
Quarterly| The Commons on Champa
Member Only; 40% Member Discount

Your long-term success depends on the ability to effectively listen and confidently present your ideas. Hosted by CTA in partnership with The Moxy Lab, this course is focused on listening intelligence. This course will benefit anyone working for a tech organization or in a tech role. Those best served by the course will be individuals who are mid-career to directors.

MEMBER HAPPY HOUR
February & October | Various Locations
Member Only; Free for Members

Member happy hours bring together our network in a casual, intimate setting to connect and build relationships with fellow CTA members and the CTA team.

SHETECH EXPLORER DAY COLORADO
May 1| Location TBA

SheTech is a one-day event for 9th and 10th grade female students featuring hands-on activities in science, technology, engineering and math (STEM) alongside professionals from a variety of backgrounds and industries. Industry members are invited to showcase their company by hosting an immersive Tech Workshop or TechZone Activity at the event.

WOMENARS
Bi-monthly | Virtual
Free for Members

Launched by our Women in Tech CO Council, our Womenar series are bi-monthly webinars that aim to identify and understand the issues facing women in technology and leadership positions. We invite both men and women to engage in these bi-monthly programs.

PEER-TO-PEER

Tech Talent Colorado
Quarterly | Various Locations
Free for Members

Tech Talent Colorado is an industry-led council that serves to support, educate and train a viable technology sector workforce by acting as a voice for the tech industry, collaborating with community and regional partners and advocating for the development of a strong technology workforce through outreach and regional collaboration opportunities. Tech company executives, hiring managers and HR representatives are welcome, as our public partners focused on education and workforce development for the technology community.

TECH AFFAIRS COUNCIL
Bi-monthly | Various Locations
Premier Corporate Member Only; Free for Members

Bridging and informing industry and government to drive smart policy that fosters and protects a thriving, innovative technology climate. The Tech Affairs Council is a bi-monthly breakfast meeting of CTA members coming together to discuss policy and regulatory issues impacting or potentially impacting the Colorado tech community. Each meeting features an update on relevant issues and a presentation from stakeholders in the tech policy community.

WOMEN IN TECH COLORADO COUNCIL (WIT-CO)
Bi-monthly | Various Locations
Member Only; Free for Members

The Women in Tech CO Council is attended by the heads of women's corporate networks. Through the meetings, these leaders build relationships and share best practices for starting and supporting a women's corporate network and engage in related women-in-tech-focused programs and initiatives.
