## SIGNATURE EVENTS

### APEX AWARDS

February 1 - 4 | Virtual

*Member Ticket Discount*

This year's APEX Awards will be a week-long digital celebration of the leaders and companies elevating Colorado tech to new heights and will conclude with a live virtual celebration on February 4th. Since 2001, CTA has hosted this prestigious event to bring together the community and celebrate the exceptional people, companies and accomplishments of the year.

### C-LEVEL @ A MILE HIGH

May 6 | Virtual

*Complimentary Member Tickets (Company Team Plus & Premier Corporate)*

C-Level @ A Mile High is where strong relationships begin and tech business gets done. C-Level is CTA's largest fundraiser helping us to carry out our mission of fueling Colorado's economy through technology. We take the virtual event to the next level by using innovative technology to bring our community together for more curated networking opportunities.

### WOMEN IN TECH CONFERENCE

September 15-17 | Virtual

*Member Ticket Discount*

The Women in Tech (WIT) Conference is a virtual event celebrating women across technology. Attendees will enjoy two and a half jam-packed days of direct access to executive-level female-identifying tech and community leaders from all corners of Colorado tech and beyond. Participants hear from a variety of dynamic speakers and engage in meaningful discourse on technology trends, leadership, and the opportunities and challenges facing women building a career in tech.

## PROGRAMS

### CTA 101

Quarterly | The Commons on Champa

*Free for All*

Whether you are a long-time member or thinking about joining, these informal gatherings are your ticket to meeting our network and receiving information on CTA and all the ways you can get involved in our community.

### DAY AT THE CAPITOL

March | Colorado State Capitol // Virtual

*Free for Members*

Tech Day at the Capitol is an event for tech companies in Colorado to represent the state's tech industry and connect with policy makers to educate and inform them on your company or organization and the role you play in the overall Colorado tech ecosystem. Receive the latest updates and showcase your company and technology to our state leaders.

### DC FLY-IN

Fall | Washington, D.C. // Virtual

The DC Fly-In provides an opportunity for CTA members to learn the latest on tech policy issues from experts and decision makers and offers communication with Colorado's Congressional Delegation.

### INSIGHTS SERIES

Quarterly | Virtual

*Free for Members*

The Insights Series explores the latest emerging technologies and features a deep dive into tech topics. Each event features an expert analyst and diverse expert panel. 2020 topics included "Developing Plans Around Emerging and Modern Technologies in Uncertain Times", "Turning Small Insights into Big Wins - A Pragmatic Approach to Innovation in Uncertain Times", "Security Essentials - Lessons From the Cyber Trenches", "Developing a Human-Centered Data Strategy", "Adapting to a New Normal - Where is CO Tech Headed in 2021?".

Updated as of March 2021. Dates subject to change. Visit [coloradotechnology.org](http://coloradotechnology.org) for more information.

## PROGRAMS (CONTINUED)

### MEMBER HAPPY HOUR

Bi-monthly | Virtual

*Member Only; Free for Members*

Member happy hours bring together our network in a casual, intimate setting with curated conversations to connect and build relationships with fellow CTA members and the CTA team.

### WOMENARS

Bi-monthly | Virtual

*Free for Members*

Launched by our Women in Tech CO Council, our Womenar series are bi-monthly webinars that aim to identify and understand the issues facing women in technology and leadership positions. We invite both men and women to engage in these bi-monthly programs.

## COMMITTEES & COUNCILS

### Tech Talent Colorado

Quarterly | Virtual

*Free for Members*

Tech Talent Colorado is an industry-led council that serves to support, educate and train a viable technology sector workforce by acting as a voice for the tech industry, collaborating with community and regional partners and advocating for the development of a strong technology workforce through outreach and regional collaboration opportunities. Tech company executives, hiring managers and HR representatives are welcome, as are our public partners focused on education and workforce development for the technology community.

### TECH AFFAIRS COUNCIL

Bi-monthly | Virtual

*Premier Corporate Member Only; Free for Members*

Bridging and informing industry and government to drive smart policy that fosters and protects a thriving, innovative technology climate. The Tech Affairs Council is a bi-monthly meeting of CTA members coming together to discuss policy and regulatory issues impacting the Colorado tech community. Each meeting features an update on relevant issues and a presentation from stakeholders in the tech policy community.

### WOMEN IN TECH COLORADO COUNCIL (WIT-CO)

Bi-monthly | Virtual

*Premier Corporate Member Only; Free for Members*

The Women in Tech CO Council is attended by the heads of women's corporate networks. Through the meetings, these leaders build relationships and share best practices for starting and supporting a women's corporate network and engage in related women-in-tech-focused programs and initiatives.

Updated as of June 2021. Dates subject to change. Visit [coloradotechnology.org](http://coloradotechnology.org) for more information.
